Gorge Health Mission Statement

“To provide high quality, primary health care, in a modern, fully equipped practice”.

Our belief is “Prevention is better than Cure” and will focus on preventative health care activities.

“Primary preventative health care”

To prevent disease from occurring by means such as immunization, life style modification etc.

“Secondary preventative health care”

To identify a problem early before it causes ill health, such as cervical screening, prostate screening etc.

“Tertiary preventative health care”

To minimize the impact or disability of a disease that cannot be cured such as diabetes, hypertension, cerebral palsy etc.

Prescriptions

Repeat prescriptions:

No requests for repeat scripts will be taken over the phone

-

- Make an appointment with the Dr of your choice

Results

Normal results will **NOT** be notified.

If the Doctor needs to discuss your results, you will hear from the Clinic. Reception staff **do not** have access to your results. Any concerns:

- Make an appointment, OR
- Request results via Ozdocsonline.

Be assured if there is a significant result you will be contacted

Additional Services

Gorge Health is able to do Workers Compensation, Centrelink Certificates, Pre-Employment medicals, etc.

We are dedicated to the community of Katherine and want to be able to provide the community with the best possible health care.

Client Feedback

We will conduct patient surveys and feedback on a regular basis, but will welcome comments at any time. Please ask at reception if you would like to suggest improvements.

If you are unhappy with the response from the Clinic please feel free to contact Health and Community Complaints Commission NT on (08) 8999 1969
